**Lecture: --**

**Internal assessment: 25 marks**

**Lab        : 3 periods/week**

**Semester end examination: 50 marks**

---

**Objectives:**

This lab focuses on using computer-aided multimedia instruction for language development to meet the following targets.

- To improve the student's fluency in English, through a well-developed vocabulary and enable them to listen to English spoken at normal conversational speed by educated English speakers and respond appropriately in different socio-cultural and professional contexts.
- Further, they would be required to communicate their ideas relevantly and coherently in writing.

**Outcomes:**

The student will be able to

- Insight into the importance of phonetics for better pronunciation and accent.
- Enhance functional skills in order to respond to practical situations.
- Realize the importance of comprehensive skills with time management.
- Improve the descriptive and analytical abilities.
- Develop the skill of presenting a paper in any context.
- Convince students to achieve argumentative skills.
