

## **ECHO Club**

Faculty of English, Freshman Engineering Department have started a language club titled - **ECHO** (**E**nglish **C**ompetency through **H**ands on **O**pportunities) that helps students to realize their English language competency through various activities on LSRW + skills. Through this platform **ECHO** tries to foster language potential in students which enhances their personality, thoughts, ideas and expression. It nurtures the zeal for English language among the students, thereby augmenting their creativity and language acquisition

Ultimately, it is aimed at -

- enhancing functional English skills
- improving creative listening, speaking, reading and writing skills
- enriching vocabulary
- ameliorating communication skills

**ECHO** Club organises various activities for all the B. Tech. and MBA students every fortnight. It focuses on language activities that focus on creative self-expression, articulation of ideas, creative collaborations that hone students' confidence and augmenting language acquisition.
