DEPARTMENT OF FRESHMAN ENGINEERING

CIRCULAR

Date: 29-07-2024

All the I B. Tech. students are informed that Freshman Engineering Department is organizing Orientation Program for Parents and Students of I B. Tech. 03.08.2024. All the students are informed to come with parents to attend the program.

Details:

Topic: I B. Tech. Orientation Program
Dates: 03. 08. 24
Time: 9.30 A. M. to 4. 00 P. M.
Venue: Auditorium

Signature of the HOD

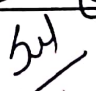

Dr. M. Srilakshmi
Head
Freshman Engineering Department

SUMMARY REPORT ON EVENT ORGANIZED

ACADEMIC YEAR : 2024-2025	
Date of Event organized & Time	03-08-2024
Name of the course	STUDENT INDUCTION PROGRAM
Title of the Program	I B. Tech. Orientation Program
Resource persons	Principal and HODs of all departments
Brief Report on the Event	<p>The Student and Parent Orientation Program for I B. Tech. students took place on 3rd August 2024. Parents were in full attendance, demonstrating strong support for their children. The event began with a welcome from the organizing committee, followed by addresses from the Principal and department heads (HODs). The Principal emphasized the importance of this new academic phase, outlining the institution's commitment to student development. The HODs introduced their departments, discussed academic expectations, and encouraged student participation in various opportunities. The program concluded with an interactive session for questions and clarifications, setting a positive tone for the students' academic journey. The involvement of parents underscored the collaborative effort to nurture future engineers.</p>
Year/Semester	I YEAR / I SEM
No. of the participants	All I B. Tech. students present during the Induction program.
Consolidated Feedback	Good
Suggestions if any	---
Name of the Co-ordinators	Dr. P. Pavani, Ast. Prof., FED Dr. S. Lakshmi Tulasi, Asst. Prof., FED Dr. T. Preeti Rangamani, Asst. Prof., FED Mrs. P. Lakshmi Lavanya, Asst. Prof., FED Dr. G. Sree Devi, Asst. Prof., FED Mrs. T. Krishna Sree, Asst. Prof., FED

Freshman Engineering Department

Name of the Activity / Program: I B. Tech. Orientation Program

Objectives:

- To warmly welcome the new batch of students and their parents into the institution.
- To help students transition smoothly from inter college to engineering college life by familiarizing them with the campus, faculty, and academic culture.
- To provide an overview of the I B. Tech. curriculum, including course structure, assessment methods, and academic expectations.
- To acquaint students with the various departments, their specializations, and the opportunities available within each field.
- To communicate the institution's vision, mission, and core values to students and parents.
- To emphasize the importance of discipline, integrity, and commitment in achieving academic and personal success.
- To introduce students to the available resources and support systems, such as counselling services, academic advisors, and extracurricular activities.
- To encourage parents to stay engaged in their child's academic journey and collaborate with the institution to ensure the student's overall well-being.
- To set clear expectations regarding academic performance, behaviour, and participation in college activities.
- To address any questions or concerns from students and parents, ensuring transparency and building trust.
- To motivate students to actively engage in departmental activities, projects, and research opportunities.
- To inspire students to develop a proactive approach to learning and skill development during their time at the institution.
-

About the Topic/ Activity:

The Student Orientation Program for the first-year B. Tech. students was held on the 3rd of August, 2024. The event was a significant occasion, marking the beginning of the students' journey into their engineering education. The event was graced by the presence of all the students' parents, who actively participated in the program, showing their support and encouragement for their wards.

The program began with a warm welcome from the organizing committee. Dr. L. Rama Krishna Scientist-G, ARCI, who served as the Chief Guest, delivered an inspiring address, emphasizing the importance of a strong foundation in education and the role of parents and the institution in shaping the students' futures.

The event commenced with a warm welcome by the organizing committee, followed by a series of insightful and motivational addresses by the heads of various departments (HODs) and the principal. The Principal welcomed the students and their parents, emphasizing the

importance of this new phase in the students' lives. He highlighted the opportunities and challenges that lie ahead and assured the parents of the college's commitment to providing a nurturing and conducive environment for learning and growth. He also spoke about the institution's vision, mission, and core values, encouraging students to uphold these principles throughout their academic journey.

Each HOD took the stage to introduce their respective departments, providing an overview of the curriculum, academic expectations, and the facilities available to students. They shared insights into the various opportunities within their fields, including internships, projects, and research opportunities. The HODs also emphasized the importance of discipline, dedication, and innovation in their respective branches of engineering. They encouraged students to actively participate in departmental activities, which would help them gain practical experience and enhance their skill sets.

The event concluded with an interactive session where parents and students had the opportunity to ask questions and seek clarifications on various aspects of the academic program and campus life. This session provided a platform for addressing any concerns and setting clear expectations for the academic year ahead.

Overall, the Student Orientation Program was a successful event, setting a positive tone for the academic journey of the I B. Tech. students. The participation of parents added to the significance of the event, reinforcing the partnership between the institution and the families in nurturing the future engineers of the country.
